

ECAPITAL CULTURE for Adriatic – Ionian Macro Region Countries 2016

CALL FOR IDEAS – REGULATIONS

Fondazione Marche, Chamber of Commerce of Ancona, Università Politecnica delle Marche, City of Ancona and Istao present the Call for ideas for the second edition of “ECAPITAL Culture Adriatic Start Up School” for the creation of Start Up in the cultural field in the Adriatic – Ionian Macro Region.

 *participates in the implementation of the project through the sponsorship of scholarships.*

1. AIMS - INSPIRING PRINCIPLES

The competition takes its cue from ECAPITAL – Business Plan Competition, which for 15 years has promoted the creation of innovative companies in the Marche region (Italy), involving students in business plan projects.

Ecapital Culture - Adriatic Start Up School is aimed to young people from the Countries of the Adriatic-Ionian Macro Region, motivated to give birth to a business aimed at enhancing the cultural heritage of the area.

The primary objective is to create the conditions so that these young people, using their skills and their creativity, could achieve their own business idea, gathering the enormous opportunities offered to them by the cultural heritage of the Macro Region.

The initiative offers to participants an educational experience aimed at developing the project of their own business idea in the field of culture, converting it into an enterprise.

It is also an important opportunity to meet other ideas and young people from different countries. The final purpose is to draw up business plans to be submitted to the institutional, entrepreneurial and financial world of the Macro Region.

The first edition carried out in 2015, involved 25 young participants coming from the Macro Region who developed their business idea through the implementation of their own business plan.

FONDAZIONE MARCHE

Scholarships are provided to all participants for the attendance of the course.

2. TERMS

Each Scholarship, to the worth value of € 5,000 , includes:

- Attendance of the training course from the 17th of October 2016 to the 16th of December 2016, at the Start Up School in Ancona

5. PROJECT PHASES

Evaluation and selection of the applicants

Applications received not later than the 15th of September 2016, will be evaluated by an special Technical Scientific Committee.

The Technical Scientific Committee will assess the applications according to the following criteria:

- CV and English knowledge
- Quality of the Business Idea presented
- Presence of the comfort letter

Start Up School Ancona

The selected candidates will attend a 9-weeks training course (from October 17th to December 16th, 2016), aimed at developing the skills necessary for the realization of a Business Plan in the cultural field and the creation of a start-up for the enhancement of the cultural heritage of the Adriatic-Ionian Macro Region area.

The training course includes lectures, workshops, case histories and studios on the following areas: development and implementation of the business plan, enhancement techniques for a startup project, cultural planning and launching a startup.

Tutors will be available to participants on a daily basis to support the development of their business idea, search for data and information and the planning process.

For all participants is also provided assistance in identifying and researching potential financial partners for the realization of their business projects.

At the end of the training, all participants will present their idea, during a final event, in front of a representative of the business and financial world.
