Issue N.1

**Follow us and learn more about our activities & projects, News from
Forum AIC members and so much more!**

Gino Sabatini, President of the Forum AIC is pleased to introduce you to the new Forum AIC Newsletter!

"Dear all, Friends of the Forum, it is a pleasure and a great emotion to present the new Newsletter of the Forum AIC, because, in addition to the sea, it's the network that unites us today more than ever.

An organization that, like ours, lives of relationship, direct exchange, commercial interchange, is greatly affected by this situation, but on digital platforms we have found ourselves meeting again, as in squares, houses, cities off any map.

The role of the Forum has grown over the years with the recognition of the European Strategy for the Adriatic Ionian Region ([EUSAIR](#)), in November 2014 by the European Council, with the aim of better identifying the needs and the main problems of the territorial scope, as well as to better address these issues

key stakeholders for the implementation of the same Strategy. This commitment was reiterated in the new “[EUSAIR Action Plan](#)”, published last April, as well as in the [biennial reports of the EU Commission](#) relating to the 4 Macro-regional Strategies (Baltic, Danubian, Adriatic-Ionian and Alpine). In the most recent, published last September, the three Fora are mentioned as "active organizations and established partnerships that act flexibly across maritime and land borders and are able to rapidly establish project partnerships to apply to calls for proposals relevant to the implementation of macro-regional projects. "

We will live up to the skills we have and the role we are recognized and we will strive to bring companies to the center of our interventions.

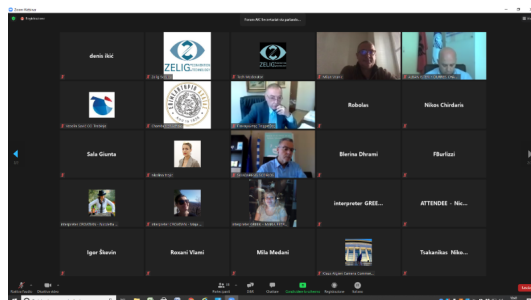

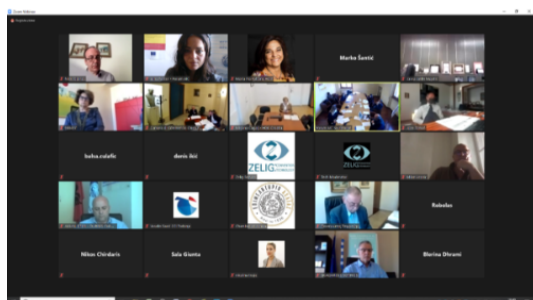

I renew my best wishes to everyone for a profitable work and health, strength and serenity. despite everything. Merry Christmas and a Happy NewYear!"
