GENERIC DESCRIPTION
Historical notes

The Forum of the Adriatic and Ionian Chambers of Commerce is a transnational, non-profit association linking the chambers of commerce of countries residing on both Adriatic and Ionian coasts: Italy, Croatia, Bosnia and Herzegovina, Montenegro, Slovenia, Greece and Albania.

The AIC Forum is one of the major promoters of the ambitious project of the Adriatic and Ionian Macroregion. This strategy represents a common governance system that involves different participants, different policies and attributes present on the territory of the area, increasing the value of the cultural heritage and the richness of diversity.

Based on these principles, the collaboration relationship with the Mirabilia Association is of great importance for the AIC FORUM.

The "MIRABILIA NETWORK" association was established to join together areas united by their historic, cultural, and environmental importance – an interaction between institutional and economic figures and between governance models underpinning the territory's development policies.

The Association promotes cultural as well as wine & food tourism, and the supply chains aimed at capitalizing on the territories through an integrated tourism offering of "less-known" UNESCO sites, which renders visible and usable the linkage among territories that, in tourism, culture, and art, are united by their UNESCO recognition.
